Guidance Notes

Marks and Qualification Awarded

Marks are awarded for each module listed, expressed as a percentage, and credit is awarded according to the relative weighting assigned to the module. Marks achieved over a student's course are combined according to examination conventions (which may vary from course to course) by a Board of Examiners which then determines the award of a degree. Where the qualification awarded is a Master's degree, the pass mark is 50%. Where the qualification awarded is a Diploma, the pass mark is 40%.

For some modules the following may be recorded instead of a numerical mark:

P (Pass)

F (Failed)

Degree classes are not awarded at postgraduate level. A Masters degree may be awarded with distinction.

Level

"Level" under "Modules Studied" overleaf refers to the academic level assigned to the particular module.

Credit load

Students on postgraduate courses would normally be expected to accumulate the number of credits set out below over their period of study:

Masters degree	180 credits
Postgraduate Diploma	120 credits
Postgraduate Certificate	60 credits

Professional Placements

Credit may be awarded for professional placements taken as part of a course of study. Where this is the case the total credits awarded in a year of study is shown. Further details of placements completed are available from the student's home department.

Accreditation of Prior Learning

Students may be awarded credit for study undertaken prior to enrolling at the University. Where credit has been awarded in this way, the module title is given as "Prior Learning Credit" and there is no figure in the Result column.

Professional or Statutory Body Accreditation

Where a course is accredited by a Professional or Statutory Body and the student has met the requirements for the relevant professional award (or exemption from elements of professional qualifications), this is indicated.

Validation of the Information contained in the Transcript

If you wish to query any of the information on this transcript, please email your query to Transcripts (aotranscripts@warwick.ac.uk) or write to us in the Examinations Office, University of Warwick, CV4 8UW.

Third parties wishing to validate the content of a transcript should write to the Examinations Office at the above address, enclosing proof of the student's permission to seek the validation.

Additional copies

You may order additional copies of your transcript, however there will be a charge for this service. For further details please visit the Exams Office website:
